Intercession has been the most significant way of life for a believer. Interceding to God on behalf of others to change initial circumstances is done out of love and obedience to God and His holy word. An intercessor can use the Word of God and change a situation for someone by the name of the Son of God via the Holy Spirit.

An intercessor should intercede for his neighbor. This acquaintance could be an associate, resident, or a relative. To intercede will require love and care because some problems that do occur will require time from the person that is praying to mediate to God.

Intercession requires an individual to intercede for the world events. Decisions made by the government that may affect the environment will require intercessory prayer. Sometimes these choices made by the country ministry will need extra time and more intercessors to intercede collectively.

The most challenging task for any person, especially an intercessor, is to intercede for persecutors and those in opposition. Even though they do wrong to others, these people face difficulty like everyone else.

Intercession is a passion for the will of God to be done in the lives of people. There are times where intercessors may need to lend a helping hand to another, give something to someone that needs it most, speak out the name of the person's behalf using appropriate scriptures from the Word of God to intervene whatever situation or circumstance they face.

Prayer: Lord God, help me to intercede for others. Thank you God. Amen.
