Expression-----Jeremiah 17:14

Why do believers praise the Lord? We praise the Lord for one of the three reasons. Do we praise Him because we see other believers doing it? Do we praise the Lord for what He can do for us? Or, do we praise the Lord for who He is? Every human being should give God praise because He is the one who made all of us. However, even though that is not yet the case, giving this gesture is to express respect toward someone

Praise is regular in a church. There is more to praising God than the external that other people may see. There is the internal, where the heart lies that God only sees.

There are several areas for all believers to keep in mind when praising God, especially during our devotional time with Him. The first is Participation, the resurrection, appreciation, the inner being, hymns, and expression.

Participation starts from the heart.

Resurrection is the fact that God gave His only Son for our sins to redeem humanity.

Appreciation is that the Son of God took our sins.

Internal is the fact that we are free of sin.

Sing to God.

Express our inner feelings toward God.
