What is a prophet? A prophet is a servant that speaks the truth from the Word of God and leads the church by the Holy Spirit. A prophet is like an usher, elder, deacon, bishop, and pastor all rolled up into one unique servant. This position is the highest a leader can attain that is close to God. Therefore, the prophet must maintain a consistent prayer life and reading the Word of God. This leader will undergo various forms of temptation and will need to remain steadfast to overcome these carnal challenges. This devotion from the prophet will enable God to use them for prophesying, teaching, preaching, and healing the sick. A dedicated servant of this nature is a heart after God and can set an example for others and will influence them to receive salvation. The more time the prophet spends with God will receive more of Him.

Prayer: Loving Father, help me to remain humble before while serving you in Spirit and in truth. Thank you God. Amen.
