Why study the Word of God? The Word of God is life. In life, everyone needs direction. If we read and study the Word of God, God will lead us in the right direction we need to go. In the Word of God, the Old Testament gives examples of good and evil. Life of men and women of God who receive direction and depend upon His Word unto the end. However, there are also examples of people in the Old Testament that did not accept it. The results vary for each person.

Today, people daily encounter the Word of God via radio, television, mobile device, public event, conversation, or literature. Each responsible individual either accepts or rejects it. The new converts, believers, and other people of God that receive the Word of God must use it. How they use it? Like a map, if we obey and follow the direction God is leading us, then He will guide now until the end of our destination. The results vary for each believer. The time we spend in the Word of God will determine our journey with God. Either we follow His way, or do we have a way of our own?

Prayer: Father God, help me to spend time in Bible study. Thank you God. Amen.
