### **Book of Colossians**

Subtitles

(Poetic Format)

Salvation and thanksgiving begins the book of Colossians,

Paul's prayer for the Colossians, Christ's preeminence.

Christ's preeminence in redemption, for all nations,

Paul's labor for the church, his physical presence.

Paul's concern for the church, the sufficiency of Christ,

avoid human regulations, the true center of Christian life.

Put off sin, put on love, peace, and truth, to live right,

the Christian family, Tychicus and Onesimus, faithful, no strife.

Greetings and final instructions, the observations,

this is the poetic summary for the book of Colossians.
