The law of burnt offerings begin in the book of Leviticus,
the law of meat offerings, the law of peace offerings,
the sin offering, the burnt offering, required to redeem us,
the meat offering, the sin offering, no typo, but orderings.

The trespass offering, the peace offering,
forbidden portions, the portion for priests,
the anointing of priests, the offerings of Aaron, the covering,
the death of Nadab and Abihu, clean and unclean animals, excreted.

Purification after childbirth, laws about skin plagues,
leprosy in garments, the cleansing of lepers,
leprosy in houses, laws about uncleanness, washing, cleaning aids.
The day of atonement, laws about special sacrifices, the effort.

Unlawful sexual relations, personal conduct,
punishments for sin, the sanctity of the priesthood,
sacrifices of blemished animals, feasts of the Lord, to instruct,
the oil and the shewbread, death for blasphemy, understood.

Sabbath and jubilee years, the blessings of obedience,
the punishments of disobedience.

Vows and tithes to the Lord, expedience,
this is the poetic summary for the book of Leviticus, the experience.
