

The Old Testament

Book of Zechariah

Subtitles

(Poetic Format)

Call for national repentance begins in the book of Zechariah,
the horsemen among the myrtles, four horns and four carpenters.
The measuring line of Jerusalem, the breadth, length, that area,
Joshua cleansed and reclothed, done by God, the restorator.

The candlestick and the two olive trees, then flying roll,
the ephah of iniquity, four chariots of divine judgment.
The crowning of Joshua, hearts of stone, the people, their soul,
God's intent to restore Jerusalem, the coming of the king, evident.

The redemption of God's people, the rejection of the king,
the false shepherd described, the compassion of Jerusalem,
Israel chastened, Judah's king supreme, soon coming,
this is the poetic summary for the book of Zechariah, to each human.
