The Gospel is simply the "good news" presented to humanity through Jesus Christ, the Savior. Why? To redeem all human beings as God has disclosed in the person of His Son and the Holy Scriptures, the Holy Bible. The word Gospel begins in the first four books of the New Testament and occurs throughout that part of the holy book. The purpose is to inform the reader and reveal the truth to everyone who believes and accepts salvation through the Lord and Savior Jesus Christ. The Gospel brings life and light to all.

The Gospel is about the Word of God. The way of the Creator to make contact with His creation: His people. The only requirement for all humanity is to hear the Word of God, believe it, and receive it. However, the life challenge for every human is the earth itself, the human life, human glory, and human achievements to contend. All human endeavors and the current spirit of the world must be monitored constantly by the Gospel, which is in the Holy Bible.

The Gospel is the chance for believers to build their faith, to be able to withstand the pressures of life, and stand against the forces of evil. To hear the Word of God is to obey it and be a doer. The Gospel enables the hearer to establish a relationship with God that will aid the believer in overcoming sin and worldly temptations. On the other hand, the people that do not receive the Gospel and refuse to be a doer will experience the opposite.

The Gospel is the way to being saved. No one can receive the Son of God without accepting Him as Lord. The Gospel gives scriptures about confession to Jesus as Lord and worthy of power, worship, trust, obedience, and prayer. The inward sincere attitude of the heart by which Christ and His Word are Lord overall life. The Gospel entails that Jesus must be Lord at home and in the church, and all our relationships, as well as intellectual, financial, educational, recreational, and vocational. All areas of life.

The Gospel is for all people of race. The "good news" enables any mature individual to accept or reject it. God gives every human being the chance to receive His Word freely without force.

The Gospel is a blessing to the eyes and ears of a person that appreciates it. To allow the Word of God to begin a spiritual growth in us to come alive and direct our physical being. The Gospel is about the Love of God. Giving His Word for the people to enable them to receive. To provide the freedom of all recipients to love God back and get to know Him in spirit and truth.

The Gospel sounds like God's pill. The spiritual remedy to redeem humanity. Gospel is to save the lost from sin to salvation, from darkness to light, from eternal damnation to a heavenly foundation. The Gospel will restore all of God's people.
