

### **Worship Wednesday**

Wednesday is a day of the week between Tuesday and Thursday. However, for most countries, it is the third day of the work week, but not for all. Wednesday on the calendar falls on the fourth slot, with Sunday, Monday, and Tuesday ahead. This day is in the middle of the week and is famously known as Hump Day because it is central, with arguably the first three days being Sunday, Monday, and Tuesday ahead, while Thursday, Friday, and Saturday come after. For non-believers, getting to Wednesday in the work week gives workers a better attitude because the work week begins winding down. For believers, it is easy to be so busy that sometimes we forget God. He deserves the glory, honor, and praise. Many religious people do acknowledge this Hump Day as "Worship Wednesday," so it is nothing new among the church and followers of God. However, how do we approach this day as believers? There is a song that reminds followers of God of our attitude should be.

O Hallelujah to the Lamb.  
O Hallelujah to the Lamb.  
My heart sings His praise again  
Hallelujah to the Lamb

For He alone is worthy  
to receive all grace and glory  
Lift Him high in one accord  
Sing your praises to the Lord.

The song states the children of God should be consumed with adoration to the Almighty God with praises, glorifying His Holy name throughout the day. During errands or while working at our primary jobs, at home, getting ready to start the day, having breakfast, lunch, dinner, whenever or wherever we are. Give Him glory, honor, and praise. The worship does not have to be loud, nor does it have to be silent. Remember, children of God are worshipping the Holy One, not man, so expressing it to impress ourselves or others is not the right approach. How do we worship? By Lifting or raising up are hands at times. Sometimes, simply saying to Him, looking up and saying, 'I glorify your name. Magnify your holy name, for you are worthy to receive praise. Love you Lord. We adore you.' How do we show love and affection to family, loved ones, or spouses? Believers should express it far better if we know how to do that well.
